## EXPERIENCE

### Frontend Web Developer

During The Web Development Course :

- Proficient in developing pure CSS & HTML based table-less web pages.
- Hands-on experience in creating responsive websites using technologies like HTML-5, CSS-3, Bootstrap, Javascript & JQuery.
- I have created Owl carousel on different websites and have also customized it on requirement basis.
- Efficient in implementing CSS animations, flexbox, CSS grid system, Media Query & Bootstrap to create better web experience.
- Skilled in translating technical requirements and PSD files into robust HTML-5 & CSS-3 web pages.
- I have applied css animations like-
  - Zooming images on hover.
  - Increasing size and changing background color of button on hover and click.
- Expertise in writing well indented and commented codes for future modifications & improvisation.
- Fair knowledge of JS library and plugin like AOS, Swiper js, Purecounter js.
